To our friends and customers:

In presenting this our 1934 list we have kept the number of varieties limited. The varieties listed are the ones which have proved to be entirely satisfactory with us. And will give complete satisfaction if given proper care and cultivation.

Our prices have been lowered owing to present conditions. The roots we are offering are Field Grown from roots. We use our best efforts to keep our stock strong and healthy by destroying any plants that are not so.

We wish to thank our customers for their patronage and support, also for the letters telling of the success you have had with our roots and plants. Assuring you all orders will receive careful attention.

Yours for Better Dahlias,

WILL HOOKWAY.
